INFORMATION

12th International Online
Information Meeting

Olympia 2, London, England
6-8 December 1988

Organized by
LEARNED INFORMATION
OXFORD • NEW JERSEY

PROVISIONAL PROGRAMME

H a l l A

09.30 — 11.00

HYPERTEXT INFORMATION DELIVERY

Unifying Tomorrow's Hypermedia

T.H. Nelson, *Autodesk Inc, and Project Xanadu, USA*

Anchors for Shifting Tides: Designing a 'Seaworthy' Hypermedia System

T.J.O. Catlin, K.E. Smith, *Brown University, USA*

Hypermedia Information Delivery: The Experience of PROJECT-EMPEROR-I

C-C. Chen, *Simmons College, USA*

Multi-media in Education

K. Hooper, *Apple Computers Inc, USA*

11.00 — 12.30

HYPERTEXT CONCEPTS

Is the Hypertext a New Model of Information Retrieval?

M. Agosti, *Università di Padova, Italy*

Composition of Hypertext Nodes

P.K. Garg, W. Scacchi, *University of Southern California, USA*

The Hermeneutics of Hypertext

V.M. Doland, *Biola University, USA*

Structuring Diverse Types of Information in Hypertext: The Case of Biblical Information

W.T. Claassen, *University of Stellenbosch, T.J.D. Bothma, University of South Africa, South Africa*

15.00 — 16.30

USER INTERFACES IN CHEMISTRY

Chairman: S.R. Heller, *Agricultural Research Service, USA*

A Chemist's Experience with STN-Express

Y Wolman, *The Hebrew University of Jerusalem, Israel*

Using MOLKICK with Different Online Hosts

R. Bucher, *Verlag Hoppenstedt & Company, FRG*

Chemical Graphic Software for Searching Patent Databases

K. Shenton, *Derwent Publications Ltd, UK*

Drug Design Modeling at the NCI: Use of CENTRIM and QUANTA

G.W.A. Milne, *National Cancer Institute, National Institutes of Health, USA*

16.30 — 18.00

PRIMARY FULL-TEXT INFORMATION ONLINE

Multiple Use of Primary Full-Text Information — A Publisher's Perspective

R.A. Love, L.R. Garson, D.P. Martinsen, *American Chemical Society, USA*

Uses and Users of Full-Text Databases

C. Tenopir, *University of Hawaii, USA*

Primary Full-Text Information: Databases for the End-User

R.A. Pagell, *University of Pennsylvania, USA*

Future Enhancements for Full-Text — Graphics, Expert Systems and Front-End Software

W. Detemple, *STN International c/o Fiz Karlsruhe, FRG*

H a l l B

09.30 — 11.00

ONLINE SEARCHING BEHAVIOUR AND EXPERIENCE

Pricing Policy Changing — Effects on the User Behaviour

A. Serrazanetti, P.Manni, *CINECA, Italy*

A Plea for Better Crossfile Searching Facilities Among Databases and Database Hosts

S. Mehl, *Sciex Corporation Ltd, Israel*

User Behaviour in Simultaneous Multiple File Searching

P.G. Marchetti, G. Muehlhauser, *ESA-IRS, Italy*

Spatial Ability, Imagery and Human-Computer Search Dynamics

P.J. Vigil, *University of Illinois at Chicago, USA*

11.00 — 12.30

USER INFORMATION NEEDS AND USE

Indicators of Online Use

H.East, V. Forrest, *Polytechnic of Central London, UK*

Experiences in End-User and Intermediary Searching at the Technical Research Centre of Finland

I.H. Salovaara, *Technical Research Centre of Finland (VTI), Finland*

Citizen Groups and Other New End-Users Require Co-ordinated Public and Private Databases

S. Lindh, C. Johannesson, P. Kempinski, *SAFAD, Sweden*

Does Any One of the "User Friendly" Systems Deserve a Prize?

F.H. Barker, *Royal Society of Chemistry, UK*

15.00 — 16.30

SEARCHING FOR BUSINESS AND MARKET INFORMATION

The Selection of Online Databases and Hosts — An Expert System Approach

A. Morris, G. Tseng, G. Newham, *Loughborough University, UK*

Business Information from Databases — A European Perspective

A.M. Rasmussen, *Danish Meat Research Institute, B.A. Hubbard, Danish Technical Information Service, Denmark*

Online Information and the Needs of Intermediaries

K.J. Allen, *University of Strathclyde, UK*

Ordeals of a Frustrated European Intermediary with Competitive Intelligence Searching

P. Roboz, T. Novak, *OMIKK, Hungary*

16.30 — 18.00

HYPERMEDIA SYSTEMS AND APPLICATIONS

Cognitive Aspects of Constructing Non-Linear Documents: Hypercard and Glasgow Online

P. Baird, N. MacMorrow, *University of Strathclyde, UK*

Hypertext and the End-User

M. Kesselman, *Rutgers University Libraries, USA*
L. Trapasso, A.T. & T. Bell Laboratories, USA

Moving Into Hypermedia: Hypertext and Interactive Video

N. MacMorrow, P. Baird, *University of Strathclyde, UK*

Annotating Literary Texts with Hypertext

D.P. van der Merwe, *University of Stellenbosch, South Africa*
